Clean Energy Solutions to Climate Change
Sustainable Finance, Buildings, and Economic Development

Peter C. Fusaro, Chairman, Global Change Associates Inc.
Organizer, Wall Street Green Summit

Peter Fusaro is a best selling author, thought leader and an advocate for clean energy for over 40 years. Peter is chairman of Global Change Associates, an energy and environmental advisory firm based in New York. He has worked on climate change issues for over 25 years. Peter has been a policy maker in both Washington DC and NYC, and has worked in the capital markets to catalyst investment in clean energy and energy efficiency. His track record speaks for itself having worked with taking the lead out of gasoline with the US EPA, writing environmental impact statements, creating energy efficiency programs for buildings and business in New York City as well as consulting on energy efficiency for the Port Authority, and working with the Toyota Prius development team. He is graduate of Carnegie-Mellon University and Tufts University, and has taught a popular renewable energy course at Columbia University.
